

## ***REFERENCE LIST – Multiple Torch SAW Projects***

### **Babcock Wilcox Canada (Ontario, Canada)**

**January 2007**

Thick Wall Pressure Vessels for Commercial Nuclear Reactor Facilities  
Qty 2 Systems  
AMET Arc Link controlled Tandem SAW systems, using Power Wave AC/DC  
1000 power supplies and META laser tracking with adaptive fill capability,  
Included AMET CBMX(extra heavy duty)-4.5mx6.5m manipulator

### **Lincoln Electric USA (Ohio, USA)**

**July 2007**

Research and Development Laboratory  
Qty 1 system  
AMET Arc Link controlled Tandem SAW systems, using Power Wave AC/DC  
1000 power supplies and AMET controlled travel speed of fixture provided by Lincoln

### **Tower Tech Systems (Wisconsin, USA)**

**October 2007**

Wind Tower  
Qty 1 system  
AMET Arc Link controlled Dual Tandem SAW system, using Power Wave AC/DC  
1000 power supplies and META laser tracking with adaptive fill capability,  
Included AMET Special CBMZ(Dual Carriage Boom)-6mx7.6m manipulator

### **Katana Summit (Nebraska, USA)**

**March 2008**

Wind Tower Fabrication  
Qty 7 systems  
AMET Arc Link controlled Tandem SAW systems, using Power Wave AC/DC  
1000 power supplies and AMET Vertical tracking, included AMET CBMH(Heavy duty)-  
6mx4mP, CBMH-6mx6m+Travel Cart and CBMH-6mx4m+Travel Cart manipulators

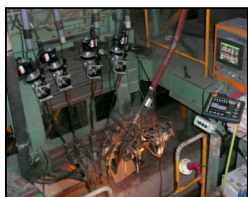

### **Nakajima Steel Pipe (Omaezaki, Japan)**

**July 2008**

Structural Steel Tubes – I.D. LSAW Pipe Mill Retro-fit  
Qty 4 systems  
AMET Arc Link controlled systems with 3 wire SAW process with Power Wave AC/DC  
1000 power supplies for Internal welding on linear pipe mill

## ***REFERENCE LIST – Multiple Torch SAW Projects***

---

### **Nakajima Steel Pipe (Omaezaki, Japan)**

**July 2008**

Structural Steel Tubes – O.D. LSAW Pipe Mill Retro-fit

Qty 4 systems

AMET Arc Link controlled systems with 4 wire SAW process with Power Wave AC/DC 1000 power supplies for External welding on linear pipe mill

### **Dragon Products (Colorado, USA)**

**Delivery Jan 2009**

Wind Tower Fabrication

Qty 4 systems

AMET Arc Link controlled Tandem SAW systems, using Power Wave AC/DC 1000 power supplies and META laser tracking, included AMET CBMH(Heavy duty)-6mx4.5mP, CBMH-6mx4m+TC and CBMH-3mx4mP manipulators

### **Katana Summit (Nebraska, USA) - 2<sup>nd</sup> Order**

**Delivery Feb 2009**

Wind Tower Fabrication

Qty 5 Systems (new order)

AMET Arc Link controlled Tandem SAW systems, using Power Wave AC/DC 1000 power supplies, includes AMET CBMH-6x7.5+TC, CBMH-6x4.5P

### **Petro Pipe Industries (Penang, Malaysia)**

**Delivery April 2009**

Spiral Pipe Mill Fabrication

Qty 2 systems (ID and OD weld heads per each system)

AMET Arc Link System Retro-fit for Tandem wire SAW with META Laser Tracking
